Our Story

Established in 2007, The Coffee Barun emerged into the Adelaide coffee scene with excitement at the prospect of delivering true 'specialty' coffee.

Ethically traded, with a focus on seasonal micro-mill and micro-lots, the bean selection changes regularly according to crop quality and availability.

Our beans are selected, profiled, roasted and served fresh, from crop to cup.

The Coffee Barun is a wholly owned and operated South Australian family business.

We are proud to support local South Australian businesses. Where we source our produce and products include;
